

SUZANNE BALMER

CFO AND OPERATIONS  
DIRECTOR

Suzanne Balmer is the CFO and Operations Director of Executive Central, one of Australia's largest and most respected organisational and executive development firms. Having held this role for the last 12 years, Suzanne's corporate career of over 30 years, has also included roles in the areas of accounting and tax in the professional services sector, and senior human resources (including corporate training), finance, administration and quality assurance roles within the information technology sector at Compaq Computer Australia. Starting at Compaq in the early 90's, she saw the number of employees rise from 70 to over 3000 by the end of the decade and experienced first-hand the exponential growth of the computer industry in Australia and the challenges and opportunities of such rapid growth.

In her work with Executive Central's clients, apart from supporting executives on their journey to leadership, Suzanne is also highly trained in Professional Image Consulting. She believes that leadership and a professional image go hand in hand and she assists both men and women to ensure the image they project is supporting their ambitions for both themselves and their roles.

Her work has proven particularly helpful in the following key areas:

- Building Executive Presence and "Gravitas"
- Powerful Presentation Skills
- Influencing, Power and Networking
- Women Leading
- Cultural, Gender, and Generational Diversity

Sue has a Diploma of Teaching (Secondary) majoring in Business and Mathematics from Queensland University of Technology, is a professionally qualified Image Consultant, and is an accredited graduate of the Executive Central Coaching Academy.

Suzanne is married to Rob, has three children - Robbie, Stephanie, and Ashleigh - and enjoys a very active family, sporting and social life. Sue's particular passions include music, art, golf, skiing (snow and water), photography, and more recently, spending time playing with her two "Moodle" puppies, Felix and Oscar.
